

Directions to The Apple Orchard From High Wycombe

(Please read them in conjunction with the map on page 2)

Driving along the A40 (the West Wycombe road) towards West Wycombe you will see on the horizon a church with a golden ball on its roof.

Follow the road to the roundabout at the end of the very straight section of the West Wycombe Road, and take the left fork, which takes you into West Wycombe village.

Pass along the village to the far end and The Apple Orchard is on your right hand side, opposite The Swan pub.

Parking

(See map on page 3)

If you have difficulty parking, continue along to the very end of the village and take the right hand fork at the road sign posted to 'Bledlow Ridge' and turn immediately right up West Wycombe Hill Road. Then turn right again down a lane running next to houses. Drive to the very end of the lane past the village toilets on your right and between a series of lock-up garages. Pass through the white gates and into a gravel car park where you can park.

PLEASE park between the fence posts, so we can park as many cars as possible.

At the far end of the car park is a flight of steps going down onto another gravelled area. This is where you will see the first sign on the side of the building showing The Apple Orchard.
